No.T9-103231/2020/PHQ

Dated 19.05.2021

Please recall the discussion today during the meeting with the Hon'ble Chief Minister relating to the construction activities.

It is to be noted that even in Triple Lockdown areas, construction involving migrant workers have been permitted. At present, the Engineers/Supervisory Officers are not being permitted to go to such construction sites or go to the construction management offices to collect wages, etc. In this situation there is a lot of indiscipline and disorder in the construction sites and in the dwelling places near the construction sites.

Therefore, Engineers/Supervisory Officers shall be permitted to travel from their residences and go to the construction sites, even to go to the offices, and return back to their homes. They can be given permission or Passes (even physical Passes) from the Police Stations of their jurisdiction where they stay, on their request. This must be done with immediate effect in the interest of the maintenance of public order.

(Loknath Behera IPS)
